Week 1 Summer Practice

Rational vs Irrational Numbers (8.NS.A.1)

Day 1

1. Which of the following is an integer?

- Ⓐ -3
- Ⓑ $\frac{1}{4}$
- Ⓒ -12.5
- Ⓓ 0.454545...

2. Which of the following statements is true?

- Ⓐ Every rational number is an integer.
- Ⓑ Every whole number is a rational number.
- Ⓒ Every irrational number is a natural number.
- Ⓓ Every rational number is a whole number.

3. Which of the following accurately describes the square root of 10?

- Ⓐ It is rational.
- Ⓑ It is irrational.
- Ⓒ It is an integer.
- Ⓓ It is a whole number.

4. Which of the following are rational numbers?

Instruction : Mark all the correct options. More than one option may be correct.

- Ⓐ $\frac{5}{7}$
- Ⓑ $\sqrt{10}$
- Ⓒ $\sqrt{25}$
- Ⓓ π

Textual Evidence (RL.8.1)

Day 1

Sympathy

I lay in sorrow, deep distressed;
My grief a proud man heard;
His looks were cold, he gave me gold,
But not a kindly word.

My sorrow passed-I paid him back
The gold he gave to me;
Then stood erect and spoke my thanks
And blessed his charity.
I lay in want, and grief, and pain;
A poor man passed my way;
He bound my head, He gave me bread,
He watched me day and night.

How shall I pay him back again
For all he did to me ?
Oh, gold is great, but greater far
Is heavenly sympathy.
- Charles Mackay

5. The reader can tell from the third stanza that the poet is

- (A) caring for a patient with a head injury.
- (B) wanting company.
- (C) watched and fed night and day by a poor man.
- (D) greedy.

6. According to the poet, what did he feel was most important?

- (A) giving away food
- (B) blessing charity
- (C) sympathy
- (D) gold

7. What does the first stanza tell us about the poet?

- (A) The poet experienced an event which made him deeply sorrowful.
- (B) The poet wrote this poem when he was a proud man.
- (C) The poet wrote this poem when he was in need of money.
- (D) The poet was friends with the proud man.

The Lake Isle of Innisfree

I will arise and go now, and go to Innisfree,
And a small cabin build there, of clay and wattles made:
Nine bean-rows will I have there, a hive for the honey-bee;
And live alone in the bee-loud glade.

And I shall have some peace there, for peace comes dropping slow,
Dropping from the veils of the morning to where the cricket sings;
There midnight's all a glimmer, and noon a purple glow,
And evening full of the linnet's wings.

I will arise and go now, for always night and day
I hear lake water lapping with low sounds by the shore;
While I stand on the roadway, or on the pavements grey,
I hear it in the deep heart's core.

W.B. Yeats

About the poet:

William Butler Yeats was an Irish poet and a dramatist. He was one of the foremost figures of 20th-century literature and was the driving force behind the Irish literary revival. Together with Lady Gregory and Edward Martin, Yeats founded the Abbey Theatre. He served as its chief during its early years and was a pillar of the Irish literary establishment in his later years.

The well-known poem explores the poet's longing for the peace and tranquillity of Innisfree, a place where he spent a lot of time as a boy. This poem is a lyric.

Answer Key & Detailed Explanations

[Click Here To Book Your Copy Now!!](#)

Week 1

Day 1

Question No.	Answer	Detailed Explanation
1	A	An integer belongs to the set containing the counting numbers, their additive inverses, and zero. Therefore, (-3) is an integer.
2	B	Rational numbers are the set of numbers that can be expressed as the quotient of two integers in which the denominator is not zero. All whole numbers can be expressed in this manner; so every whole number is a rational number.
3	B	$\sqrt{10}$ cannot be expressed as the ratio of two integers p and q and is therefore irrational.
4	A, C	Rational numbers are numbers that can be expressed as a fraction. Since $5/7$ is already a fraction that is one. The second answer, the square root of 25 gives you a whole number 5. This can be written as a fraction, $5/1$. Thus, both are rational numbers.
5	C	Answer choice C is correct. Lines 3 and 4 in the third stanza provide the text evidence. There is no text evidence supporting answer choices A, B or D.
6	C	Answer choice C is correct and directly stated in the last two lines of the poem. Answer choice D is incorrect. While the poet does recognize gold is good, he states sympathy is greater. Answer choices A and B do not provide evidence to support the question.
7	A	Answer choice A is correct because the first line of the poem indicates the poet's sorrow. The other answer choices are incorrect as there is no evidence in the first stanza to support them.
8.A	D	Answer choice D is correct because all of the answers are supported by evidence from the text.
8.B	B	Answer choice B is correct as it states and describes the cabin in Innisfree. Answer choices A, C and D are incorrect as they do not provide evidence of a cabin in Innisfree.

Very well put together and helpful in these times of forced break for the kids... And great to have the online tools that come with this book for when we get stuck and the videos are great to understand how to solve the algebra problem my kid and I are enjoying working together with this book

- Lorena

This was an awesome book. My child who usually hates to do summer workbooks, actually enjoy this one. This workbook allowed her to work online and do lesson online as well as in the workbook. Having multiple ways to complete summer work was the best part for her. I liked the vocabulary practice each week. We will definitely buy each year.
